# Student Mobility Card

In the Netherlands you use an OV-chipkaart to travel with public transport. You can pay for all your transport (train, bus, tram, metro etc.) using just one card, no expensive separate tickets. By checking in and out in the vehicle you only pay for the time and distance travelled.

Buying an OV-chipkaart and finding suitable subscriptions is a very complicated process, especially for international students. That is why we offer you the Student Mobility Card, a custom made transportation card for international students.

## Benefits

**15%**

Discount during off-peak hours on national railway journeys (NS)

**40%**

Discount during off-peak hours with 'Dalvoordeel Noord-Nederland' on Arriva & Qbuzz\*

Customized application process for international students

Automatic top-up option (no more topping up of balance)

TripKey App for travel data, customer service, discounts

Public transport bike (OV-fiets) and storage

## Get yours now

\* OV-bureau Groningen and public transport company Arriva have added a 1 year discount product to the Student Mobility Card. Be aware the Arriva/Qbuzz discount is a temporary offer, which means it is not reorderable, non refundable and not replaceable in case of loss, theft, or any other situation
