Speaking Dutch isn't all that difficult

Would you like to understand Dutch in your surroundings? To chat with a fellow student in Dutch? The Hanze Language & Culture Centre offers you an interesting Dutch course which will provide you with a basic knowledge of the Dutch language: listening, reading, spoken interaction, spoken production, and writing.

English Academic English

The Academic English courses are designed for students who want to enhance their English language skills specifically for academic purposes. These courses target intermediate-level learners and aim to improve reading, listening, writing, and speaking abilities with an emphasis on formality and academic vocabulary. Throughout the course, you will have the opportunity to select and analyze current articles of your choice, engage in discussions, deliver presentations, and complete writing assignments to strengthen your language proficiency. By participating

in these classes, you can elevate your English skills to a more professional and academic level, starting from a high B1/low B2 proficiency level.

General Communication Skills English

If you are interested in practising and refining your overall communication skills in English, the General Communication Skills English courses are ideal for you. These courses cater to students with a lower B1 proficiency level and focus on enhancing all four key language skills: reading, listening, writing, and speaking. The primary objectives of these courses include expanding your vocabulary, refreshing your understanding of fundamental English grammar concepts, and providing opportunities to practise reading and speaking. By enrolling in these courses, you can work towards improving your overall English proficiency and developing effective communication skills for various everyday situations.
